

## **ATTENDANT WANTED**

Honey Brook Organic Farm located In Chesterfield & Pennington N.J., is seeking friendly, courteous and reliable individuals to work in the farm's distribution centers. Our farm is somewhat unique, in that we have prepaying 'members' who come out to the farm once a week to pick up a weekly 'share' of seasonal produce.

The farm stand position involves coordinating the produce display in the farm stand, replenishing produce from a refrigerator truck or walk-in cooler throughout the course of the day, interacting with customers and farm managers and closing down and cleaning the distribution center. Ability to work in summer heat, continually lift boxes weighing as much as 25 lbs, & work on weekends and holidays required.

This is an important position at the farm, since the attendant is the interface between the farm and our members. This is a part-time, seasonal position, beginning in May.
